Falcon Asphalt Repair Equipment recently unveiled their Falcon 150G and 250G tack tank trailers. The trailer- or skid-mounted diesel tack tanks are built with the same high quality as Falcon's various hot boxes and recyclers. The Falcon tack tanks are available in two sizes, the 150G (150 gallon tank) and the 250G (250 gallon tank), and include the following features: **Automatic thermostatically controlled heat system, stainless steel flue, diesel power, large clean-out port, an insulated tank.**

Falcon Asphalt Repair Equipment sells and supports a full line of asphalt hot boxes, recyclers and tack tanks worldwide providing solutions for pothole repairs and other damaged asphalt surfaces. All Falcon machines are built with pride in Midland, Michigan.
